Long Life. Big Savings.

REMARKABLE LONGEVITY

The LED Architectural Sconces deliver a life that is incredibly long. Featuring best-in-class LEDs and an innovative thermal management system, these luminaires are engineered to provide more than 100,000 hours of virtually maintenance-free illumination. That is more than 20 years of nighttime use. Compare that to traditional light sources, which require lamp replacements every 7,500-12,000 hours, and the LED Architectural Sconces are the clear choice for wall-mounted luminaires.
